Air Quality Forecast for the UK

Issued by the Met Office

Today: Air pollution levels are forecast to remain Low on Thursday as the southwesterly breeze continues to bring clean Atlantic sourced air across the UK.

Tomorrow: Little change is expected on Friday, with the southwest to westerly breeze helping to keep air pollution levels Low across the UK.

Outlook: Low levels of air pollution are expected to persist across the UK through the outlook period as changeable conditions help to prevent the build-up of any pollutants.
